

## Swanmore C.E. (Aided) Primary School

18<sup>th</sup> October 2017

Dear Parents

As part of my role of Music Subject Leader I strive to organise live musical performances to the school. This is a requirement of the Music curriculum, but is also something that we have always promoted at Swanmore Primary.

Often the children themselves perform to an audience which helps to showcase the instruments available to learn and also gives a platform for them to experience playing for other people. However many performances are from visiting players such as The Primrose Quartet who played to us at the beginning of term. They helped to inspire a surge of new violin players within the school.

I am very aware that there are many parents who are involved in music making within the Swanmore area. Therefore I am writing to appeal to any individuals, pairs or ensembles who may be interested in playing to the children. We can be flexible to fit in with your schedule and can accommodate any year groups specified – it does not have to be to the whole school. Similarly I would be grateful for any contacts you may have with other musicians who might wish to perform at our school.

If you can help with our live performances in any way then please return the form below or if you would rather talk to me in person then do pop in to my class at the end of the day.

Yours sincerely

Belinda Brown  
Music Co-ordinator
