

FOSPS Christmas Cards

We have decided to repeat the personalised Christmas cards again this year. We have taken on board your comments from last year and therefore the format has slightly changed. **If you wish all your children to design one card this will now be possible.** Clearly print all their names and year group on the front of the card opposite the typed instructions.

For all card designs can you please **draw them on the back of the card not on the opposite page as instructed** as the printers will reduce the size of the picture as this gives the children a bigger area making it easier to design their card.

The cards will also include a simple Christmas greeting this year. You will be pleased that we have been able to secure last years prices.

Pack of 8 cards £5

Pack of 16 cards £6.50.

Please can all your card designs be back to school by **MONDAY 12th OCTOBER** and your card proof and order form will follow within 10 - 14 days.
