

# School Garden: Summer Holiday Help Needed

The school vegetable garden and solar tunnel will need some looking after during the summer holidays in July and August, so if you and your family would be able to be responsible for a particular week to

- water the plants if the weather is hot/dry ?
- keep weeds under control ?
- harvest the vegetables as they grow ?

please complete and return the reply slip below, showing which weeks you could cover. We will then send out a list of the names and dates. Just think of all those tasty vegetables! If you're unsure about the plants, we can supply clues about what you might expect to harvest, but there should be tomatoes, runner beans, mange tout and chilli peppers.
