

15th January 2021

Dear Parents

KEY WORKERS

Thank you for your continued support this week, it has been really helpful to see some numbers reducing this week as families have been able to keep children safe at home for parts of the week.

Some children are coming in very thin layers and are cold, please do give them layers. As we need fresh air and ventilation in the classes, some children are a little chilly.

Just a reminder that the booking-in system opens on a Monday and closes 3.30 on Thursday. Please do book in as it affects staffing and resources in the following week. Some children have been turning up unexpectedly. I do appreciate if you are in a front line role and you have been called in due to an emergency, that is of course fine but please do let us know if possible. Likewise, children have not come in, which is really helpful but again, please let us know, otherwise we need to contact you to check your child is with you and safe.

Have a lovely weekend.

Yours sincerely

J Paterson, Headteacher
