

18th January 2021

Dear Parents,

During this lockdown there are many people in our community who will need to use the Meon Valley Food Bank, and Swanmore would like to continue to donate weekly food items to the food bank to help during this difficult time. As a school we are supporting this local charity for our local community.

Each Monday (starting from Monday 25th January) there will be large crates outside the school main entrance for you to place any food donations that you wish. Maybe this is part of your daily exercise whilst walking around the village? Please only drop off items on a Monday and please do not enter the school building.

The food bank would be very happy to accept any donations of items such as pasta, rice, noodles, tins of soup, cartons of long life fruit juice, tea or coffee, biscuits, chocolates, and bottles of squash – no perishable items please.

The following Tuesday morning the food bank will pick up our school donations.

Many thanks in advance.

John Paterson
Headteacher
