Read the poem 'Dragon Song' through several times out loud using the performance skills listed below.

Ask some members of your family to listen to you perform the poem (you might like to invite other members of your family to join you virtually too using the power of technology and the internet!)

How many of the boxes below can you tick after the performance? Ask your audience for feedback.

I can...

- Speak loudly and clearly
- Control the speed of my reading for clarity and effect
- Use expression to emphasise parts of the poem
- Use my body to make shapes or move around
- Make gestures and actions to help show the poem's meaning
- Keep my focus while I am reading
