

## Arthur and the Golden Rope

**Interpret:** express the thoughts and feelings of the characters using evidence from the text and illustrations.

**TASK:** write words and phrases from the text outside around the shape of Arthur then write words to show how he is feeling because of this inside the shape. Explain why you think he feels like this. One example has been done for you, now you take over beginning with the next phrase printed on the sheet. Then, add more of your own.

That night,  
Arthur lay wide  
awake...

Worried because  
he couldn't sleep

...the harsh words of the townsfolk  
running through his head.
