

### History:

See what you can find out about the history of the Olympic Games.

When was the first ever Olympic Games and in which country, how many Olympic Games have there been and what other interesting facts can you find out.

### Start here!

Complete the reading comprehension . Then continue your research and complete as many of the activities as you can. Put all of your work in your Home Learning book. How many can you complete? How many points will you score?

English: Choose at least 2 from below ;

- Write a newspaper report on a famous Olympian and their achievements.
- If you had to say a speech at the opening ceremony of the Olympics—what would you say (maybe you could record yourself and put it on Dojo)
- Write a diary entry—maybe you've just won a gold medal!
- Make a poster to persuade the Olympic Committee why the next Olympics should come to your city.

## Olympics

D.T. Create your own stadium - **think about the design of the stadium, how big it will be and where the seats will be around the track and field. What will it look like on the outside—what feature will you use to make it stand out?**

**9 points**

### Geography:

- Complete the activity sheet - Mapping Out Host Summer Olympics Cities

**4 points per task**

### P.E.

Create your own event and see if your family will compete against you.

**9 points**

You decide:

Have you got a great idea about an activity based on the Olympics

Go ahead and do it—why not share it on Dojo

**You decide how many points ?**

REMEMBER all tasks can be explored further—let your own interests guide you. Be creative, imaginative and innovative.

Art:

- Design your own Olympic kit
- Research Olympics Logos over the Years—Have a go at making your own.

**4 points per task**
