

Swanmore C.E. (Aided) Primary School

6th February 2024

Dear Parents,

Our new topic next half term is SENSES! In order to kick start this exciting project, we are holding a 'Senses day' on the first Tuesday back 20.2.24.

The children will be tasting very small amounts of different flavour crisps. We will also be smelling a variety of smell pots containing for example: garlic, ginger, pepper, perfume, mint, vinegar etc...

If your child has any food allergies that means they cannot participate, please let your class teacher know on Monday (19th) morning.

Any queries, just ask the year 1 team.

Kind regards

Year 1 Team
